1.2 GENERAL INFORMATION

Port San Luis Harbor District

Site Description

Port San Luis Harbor District (District) is located in the beautiful Central Coast of California surrounded by the towns of Avila Beach, Shell Beach, Pismo Beach, Arroyo Grande, Grover Beach, Nipomo, Oceano, and San Luis Obispo. Port San Luis Harbor is one of two protected harbors in San Luis Obispo County and provides a variety of recreational and commercial activities.

The importance of the harbor was recognized by the local community in 1954 when a vote of the people created a Special District to improve, control and manage the harbor area. The Harbor District is a sub-division of the State of California authorized under the

Harbors & Navigation Code Sections 6000 et seq. The Port San Luis Board of Harbor Commissioners appoints a Harbor Manager to administer and manage the business of the Harbor. The District employs a full-time staff of approximately 25 people to provide services and maintain the Port.

The District's current operations involve the ownership, operation and maintenance of commercial, recreational and industrial portions of Port San Luis, including Avila and Harford Piers, roughly 1.5 miles of beaches, and 62 acres of land.

Site Description

Olde Port Fish and Seafood Company, Inc. operate the existing retail/wholesale seafood market located on the west side of the proposed location. Olde Port Fish and Seafood Company, Inc. is open Monday through Thursday, 9 am to 7 pm and Friday through Sunday, 8 am to 8 pm. The fish market is currently located on the seaward end of Harford Pier adjacent to Olde Port Inn. The location of the new fish market will be located on the east side of the building, which currently houses the Ice Machines and monthly storage for a licensee.

The fish market's prime location will ensure it is highly visible to the public walking on the pier.

See Site Plan provided as Attachment 1.

Other Information: Current Operations and Other RFPs Pending

- The District is currently negotiating for execution of a long term Development and Lease Agreement for a camping facility at the site known as Harbor Terrace which may eventually include restaurant, deli and market facilities in addition to 160 camping sites (RV, cabins, and tent camping) and 51,400 square feet of public parking.
- There are two restaurants located on the Harford Pier: Mersea's and Olde Port Inn. The Olde Port Inn lease expires on January 31, 2020; the District will be conducting a pre-bid marketing campaign and opening an RFP sometime in 2018. Mersea's is our newest restaurant and a lease that can remain in effect for 25 years.
- There is one sport fishing business that is located on the Harford Pier: Patriot Sportfishing with a lease that will expire on December 31, 2018. An RFP for a sport fishing business will be issued sometime in 2018.
- There is a possibility an RFP will be issued for another fish retail market as one of the two located on the Harford Pier recently closed in August 2017.
- On Harford Landing there is a restaurant currently leased to Fat Cat's Café; the District's main office; the District's Coastal Gateway Building that includes a meeting room, showers, laundry and public restrooms; a Trailer Boat Launch facility, a kayak/paddleboard rental business, Boat Yard operations, and a market.
- Parking is limited. There is a large main parking lot available to the public at the Harford Landing with approximately 241 spaces. During periods of heavy fishing activity and during the summer months, there may be limited or no available parking in the main parking lot.
- Since the 1800s, Avila Beach has been a visitor serving destination even after being extensively rebuilt as a result of underground oil contamination in 2001. According to the County Tax Collector, Avila collects the third most Transient Occupancy Tax (TOT) of the 19 unincorporated communities in the county. Since July 2017, \$1.5 million has been collected in TOT in Avila Beach. (Source: County of San Luis Obispo Department of Planning & Building)
- There are a few large projects proposed within the area. Avila Point is the development proposed for the Unocal property. The application proposes to remediate the property and develop recreation and resort uses. This application has been on hold since January 2017 and the County of San Luis Obispo Department of Planning and Building is waiting for a defined project description. The Avila Beach Golf Course expansion proposes a hotel, cottages, and event center. The information submitted with the current application is not complete and has been on hold since July 2015. In November 2017, a temporary commercial outdoor entertainment license was filed through the Tax Collectors office for a series of events at the golf course. As such, the District is asking each Proposer to provide, at a minimum, the following information:

b. Financial

1. Current financial statements (including, but not limited to balance sheets and income statements for 2015 and 2016) of the general/operating partner(s), as well as for all proposed equity partners. This information should include a statement of explanation regarding any balance sheet items that indicated negative equity.

***Note:** The highest rental guarantee offer received may not be considered acceptable. Proposers may be required to prove to the satisfaction of the District their ability to operate a successful business under their fee offer. Failure to prove this ability may be cause to disqualify the proposal. In this case, the second highest acceptable rental guarantee offer would be used to calculate points awarded.
